

Director of Programs

The Director of Programs is responsible for the strategic design, planning, and execution of all programs and initiatives at the Ilorin Innovation Hub. This role leads the development and delivery of impactful innovation, entrepreneurship, digital skills, and talent development programs that align with the hub's vision. The Director will ensure operational excellence, build strategic partnerships, and oversee program teams to drive measurable outcomes across all initiatives.

Key Responsibilities

- Design, oversee, and evaluate the hub's programs, including startup incubation, acceleration, fellowship programs, digital skills training, community initiatives, and industry collaborations.
- Lead strategic planning and ensure alignment between programs, impact objectives, and organizational goals.
- Manage program timelines, budgets, resources, and reporting in line with best practices and stakeholder expectations.
- Supervise program staff, mentors, facilitators, and external consultants; ensure efficient and effective program delivery.
- Oversee monitoring, evaluation, and learning (MEL) frameworks to track performance, impact, and participant outcomes.
- Collaborate with the Managing Director to ensure efficient program budgeting and resource management.
- Build and manage relationships with government agencies, partners, funders, and other ecosystem stakeholders.
- Support fundraising and grant opportunities by contributing to proposal development and donor reporting.
- Represent the hub at external meetings, industry events, and policy dialogues as a thought leader in innovation and entrepreneurship.
- Identify and pursue opportunities for program growth, replication, and sustainability.

Skills & Requirements

- Bachelor's degree in a relevant field (e.g., Business, Public Policy, Development, Education, Technology). A Master's degree is an advantage.
- Minimum of 7–10 years of experience in program management, innovation ecosystems, or development initiatives.
- Demonstrated success in designing and managing high-impact programs, preferably in entrepreneurship, youth development, or tech-driven sectors.
- Strong leadership, organizational, and communication skills.
- Experience managing teams, budgets, and multi-stakeholder partnerships.
- Understanding of innovation ecosystems and trends across startups, education, technology, and government.
- Data-driven approach to monitoring and evaluating program performance.
- Ability to thrive in a fast-paced, collaborative, and evolving environment.
