CEO,
Aajimatics
McMaster Innovation Park,
305-175 Longwood Rd South,
Hamilton, ON L8P 0A1, Canada

Dear Sir,

LETTER OF INTENT FOR PARTNERSHIP

It was a pleasure meeting you at the Senate Committee on ICT and Cybercrime Legislative Stakeholders Conference on Digital Technology and Cybersecurity in Abuja. Since then, after our several meetings and discussions it has become obvious that we have a lot of potential synergies in the area of innovation and ecosystem development. Your involvement in building a technology ecosystem via the Niagara Falls Ryerson Innovation Hub in Niagara Falls (Ontario, Canada) a relatively small city similar to Ilorin, would be of huge value to our vision for the Ilorin Innovation Hub. Both cities have similar challenges in their technology ecosystems especially exodus of talent to bigger cities due to lack of local opportunity. What you have been able to achieve in Niagara Falls despite these challenges is what we are looking to achieve in Ilorin.

The same way Spark Niagara has partnered with Ryerson University and the City of Niagara Falls to create a local innovation hub, we also have a relationship we are building with the University of Ilorin as well as being owned by the Kwara State Government.

We would like to partner with Aajimatics in the areas of startup incubation & funding, online learning for aspiring entrepreneurs and exchange of talent between the two ecosystems of Niagara Falls and Ilorin. We would also be glad to help expand your global reach into Africa.

It would be of great pleasure to get a favorable response and look at next steps to take in making this partnership a success. I will also like to pay a visit to Spark Niagara during the week of the 16th-20th of November 2020 on my trip to North America.

Thank you.

Temi Kolawole
MD Ilorin Innovation Hub

Ahmadu Bello Way, GRA, Ilorin, Kwara State, Nigeria.
