

Official List of Existing Partnerships at Ilorin Innovation Hub

Date: August 4, 2025

In response to the request for a list of existing partnerships at the Ilorin Innovation Hub, please find the details below:

1. Formal Partnership

- **IHS Towers**

Type: Infrastructure & Operations Partnership

Description: IHS Towers is the primary partner supporting the Ilorin Innovation Hub's infrastructure, operations, and dedicated programming. This includes sole funding and logistical support for the development and day-to-day management of the Hub.

2. Development Partnership

- **United Nations Development Programme (UNDP)**

Type: Programmatic & Infrastructure Support

Description: UNDP is supporting the establishment of a fully equipped **makerspace** at the Ilorin Innovation Hub. We are also in active discussions to partner with UNDP on the **Nigeria Jubilee Fellows Programme (NJFP)**, in collaboration with the Kwara State Government, to establish the **Kwara Creativity and Innovation Fellowship (KWACIF)** — a structured initiative for nurturing young talents in innovation, design, and entrepreneurship.

3. Tenancy-Only Arrangement

- **Alliance Française Ilorin**

Type: Tenancy

Description: Alliance Française Ilorin currently occupies a space within the Hub after relocating from their old location. Their engagement is limited to tenancy within their allocated space.

Note: There is **no formal partnership agreement** between Alliance Française and the Ilorin Innovation Hub outside of tenancy. Their broader relationship is

between the French Government and the Kwara State Government across several sectors.

4. Pending (Non-Formalized) Relationship

- **Kwara State University – Centre for Digital Economy (KWASU CDE)**

Type: Joint Venture (Pending MoU)

Description: The Centre for Digital Economy was a joint initiative of the Ilorin Innovation Hub and the Kwara State University. Discussions are ongoing for a joint venture between KWASU and IIH to co-manage the Centre. The relationship remains internal to the state and is on its way to being formalized.
