6. Challenges & Mitigation

Challenge

Limited administrative support during simultaneous events led to stretched manpower and slower service response times.

Mitigation / Action Taken or Proposed

Increase administrative support staff during peak event periods by introducing a flexible duty roster or engaging trained temporary personnel to ensure consistent service quality.

Inconsistencies in hospitality standards across partner-led programs due to varying event requirements and last-minute changes.

Introduce a standard hospitality checklist to guide all administrative and front desk operations during events, ensuring uniformity in service delivery and partner satisfaction.

Minor communication gaps between Administration and Facility teams occasionally affected pre-event readiness and post-event clean-up coordination.

Conduct monthly facility walkthroughs jointly with the Facility and Technical teams to identify maintenance needs early, review space readiness, and align departmental priorities.

Need for continuous improvement in professional conduct, communication, and guest handling among front desk and admin staff.

Maintain quarterly training sessions focusing on communication etiquette, hospitality standards, and administrative procedures to strengthen team performance and consistency.

Delays in vendor payments and procurement logistics occasionally disrupted supply timelines and strained relationships with service providers.

Establish a structured vendor management and payment system to ensure timely processing of invoices, transparent communication, and early initiation of procurement requests for smooth logistics and sustained partnerships.

7. Recommendations

1. Implement a digital visitor registration system to streamline front desk operations.
2. Increase administrative support staff during peak event periods.
3. Introduce a standard hospitality checklist for all partner-led events.
4. Conduct monthly facility walkthroughs with the Facility teams.
5. Maintain quarterly training for front desk and admin staff to strengthen professionalism and communication skills.
6. Establish a structured vendor management and payment system to ensure timely processing of vendor invoices, strengthen supplier relationships, and improve logistics efficiency for prompt procurement and service delivery.

8. Conclusion

The Administrative Department remains at the forefront of ensuring we deliver excellence in service, coordination, and partner relations. September 2025 demonstrated the team's adaptability, commitment, and efficiency across diverse programs and infrastructural transitions.

With ongoing facility improvements and increased event engagements, the department is poised to continue enhancing the Hub's professional environment, hospitality standards, and overall operational quality.
