Brand Overview

About Brand || About Logo

About the Brand

The Ilorin Innovation Hub (IIH) stands as a pioneering initiative set to be established in Ilorin, Nigeria. Designed as a nexus for creativity and enterprise, IIH aims to be the converging point for entrepreneurs, startups, and innovators, fostering collaboration, knowledge exchange, and growth.

At IIH, we offer a comprehensive suite of offerings tailored to the needs of the modern entrepreneur or tech professional, with a special focus on Digital & Tech skills:

About the Logo

The logo for Ilorin Innovation Hub embodies the spirit of innovation, community, and technological progress. It is designed to be modern, vibrant, and versatile, reflecting the hub's mission to inspire and nurture creativity.

Design Elements

Symbolism: The logo features a stylized "IIH" designed into a low-energy bulb which connotes "Ideas" and modern technology with a focus on renewable energy

Typography: The font used is modern and clean, conveying a sense of professionalism and forward-thinking. The typography complements the symbol, ensuring readability and visual appeal across various mediums.

Color Palette:

Green: (#00C853) Represents growth, innovation, and a fresh approach.

Black: (#000000) Symbolizes strength, sophistication, and clarity.

The Logo

Concept || Variation || Spacing

Concept

2 Letter F - depicting the pluralized initial "FOUNDERS"

Letter M - depicting the second initial of the brand name "MATCH"

2 individual shaking - depicting "Partnership" which is the main mission of the brand

A circle - depicting the vision of the brand - "Going Global"

Variation

On Banners / Billboards (if not the main content of the board),
Max Size - 1800 x 1800 PX
Min Size - 1000 x 1000 PX

On Letterhead/ Posters (if not the main content of the paper),
Max Size - 600x 600PX
Min Size - 300x 300PX

On Mobile/ Website (if not the main content interface),
Max Size - 600x 600PX
Min Size - 300x 300PX
Note: at this point only the icon will be used

Spacing

The spacing of the logo is given with the icon and brand name perfectly centralized within the circle. the space between the icon and the word "FOUNDERS" is the same as the space between "FOUNDERS" and "MATCH". The word "FOUNDERS" is perfectly aligned with the main icon on both sides.

The size of the icon and brand name within the circle is determined by stacking the word "FOUNDERS" and "MATCH" together - the point at which the edge of the "F" and "S" meets the circumference of the circle and at the same time aligns perfectly with the icon - which will in turn determine the spacing both vertically and horizontally.

How to Use

Primary

The primary usage of the logo consist of all the elements that makes up the Logo - The Circle, Icon and Brand name and it should be used on all types of designs except FAVICONS

Secondary

The Secondary usage consist of only the Circle and the Icon (missing the brand name). And it should be specifically used as FAVICONS for website, mobile apps, app store ad other design canvas that require small icon as logo

The spacing of the logo on different devices / printouts varies based on visualization. The best way to use the logo is to make sure that it has enough padding from the Top, Left, Right and Bottom in order not to have a clustered design.

Example

Using on a Letter Head

On a Mobile Device

On a Desktop Device

How not to Use

Among the many way that logo can be misused include

1. Changing of Color
2. Re-spacing contents
3. Rotating
4. Tilting / Deforming
5. Use of Logo other elements without the circle background
6. Using the logo in a different form
7. Changing of Fonts
8. Rearranging the Logo elements
9. Not giving the proper alignment and sizes to elements
10. Using of Logo on a background that is not well contrasted

The "FOUNDERS MATCH" logo is very important to the brand and we have pointed out how the logo should be used.. However, here are some common mistakes to avoid when using the Logo.

Please refrain from using the icon in any of these way and any other way that is not mention here but could alter the core value with which the Logo was formed.

Typography

Aa

POPPINS BOLD (ALL CAPS)

A B C D E F G H I J K L M N O P Q R S T U V W X Y Z

a b c d e f g h i j k l m n o p q r s t u v w x y z

1 2 3 4 5 6 7 8 9 0 - = + _ () ? < > ! @ # \$ % ^ & * | { } []

Primary Font:

Poppins Font Family

Usage: Poppins Bold should be used as the logo font at all time

Typography Guidelines

Headings: Use Poppins Black, ExtraBold, Bold or Semi-Bold for headings to ensure they stand out.

Body Text: Use Poppins Regular for body text to ensure readability.

Consistency: Use Poppins across all digital and print materials to ensure a consistent brand identity.

Colors

Logo Color

90% Black (#1A1A1A)

White (#FFFFFF)

Logo Color

Using the Brand color is very straightforward...
when the circle background is 90% black, the
icon and brand name would be white, and when
the circle background is white, the icon and brand
name would be 90% black.

*Note that the brand color is Strictly 90# Black and
white.*

Brand Color

	100% Black
	90% Black
	80% Black
	70% Black
	60% Black
	50% Black (Grey)
	40% Black
	30% Black
	20% Black
	10% Black
	5% Black
	0% Black (White)

Brand Color

Using the brand color is a little bit complicated but be sure that the
colors can only be between Black and White... So using it is based on
designer's discretion. However, the suggested usage of the colors should
be Dark Colors on light Backgrounds and Light colors should be used on
Dark Backgrounds e.g - 90% Black and 5% Black- in other words, make
sure that the colors are well contrasted. Avoid using colors with similar
shade and tone e.g - 60% Black and 50% Black
