

6th September 2022

His Excellency,

Mallam AbdulRahman AbdulRazaq

The Executive Governor of Kwara State,

Government Office Road, Kwara State.

Nigeria.

Your Excellency Sir,

**REQUEST FOR SUPPORT AND PARTNERSHIP FOR THE IMPLEMENTATION OF THE NSB NEEDS
ASSESSMENT PROJECT**

The Nigeria Startup Bill (NSB) Secretariat would like to express our immense gratitude for your decision to support the state adoption of the Nigeria Startup Bill and continue the good work of your Office to positively impact the economic landscape of Kwara state.

The digital economy has created a myriad of opportunities for those that have the capacity and access and the Nigeria Startup Bill which is soon to become an Act is geared to shift the innovation and technology ecosystem and create a thriving environment for tech-enabled companies.

As you know, the Nigeria Startup Bill is now awaiting assent from the president and as such we have started working with states to make sure that the benefits of the NSB flow down to the states. Adopting and Domesticating the NSB will help to strengthen digital entrepreneurship and innovation in the State, leading to new job creation, the revitalization of social and economic networks through innovation and technology, Infrastructural development, Talent upskilling, funding, and as well as increased contributions from the digital and innovation sectors to the state and national economy.

To support the implementation we are kicking off the process with a state ecosystem needs assessment activity. This activity is a preliminary assessment that each state needs to do in order to

- Assess the current digital ecosystem of the State.
- Produce a digital resource map of the State.
- Assess the existing gaps.
- Provide a baseline reference for the state.

While the NSB secretariat will be responsible for the handholding and framework required for the assessment, the state will be responsible for funding the assessment. The NSB Secretariat earnestly looks forward to kick-starting this activity with the sustained support of your Office.

While thanking you immensely for your cooperation, The NSB Secretariat looks forward to your support as we work to build the future of Africa through innovation and entrepreneurship.

Enclosed is a copy of the Needs Assessment budget and Expert Details.

Thank you for your time, consideration, and approval of our request.

Yours Sincerely,

Tracy Okoro

State Adoption Lead

Nigeria Startup Bill
